## Matty Smith's workshop: 7th October 2017

### "Weave a Tapestry Sampler"

Ten members enjoyed a very well prepared and organised workshop led by an experienced weaver and tutor. Matty Smith came armed with looms (ready warped), bobbins and a sumptuous array of worsted wool-lengths in every shade. She gave us information sheets for reference and brought samples of her own work for inspiration. Matty demonstrated to the whole group at first but then proceeded to buzz around the room, giving individual tuition. We appreciated her energy and commitment.

It was a "full on" day. We worked very hard and learnt the rudiments of tapestry weaving, a new experience for all present. It was a very satisfactory day and many of us agreed it was a worthwhile and appealing skill to pursue, with so much still to learn.

Comments from our weavers:

- Matty was an excellent tutor - generous, informative and very helpful. A busy but very productive day. **Judith G**
- A busy and very enjoyable day. Matty was very clear with her instructions and many of us felt we would like to do more. **Terry S**
- Enjoyable and instructive. **Gita**
- Had a great time, learnt lots of new skills. I hope to experiment at home with different wools. Matty was very patient and was an excellent tutor.
- It was a very enjoyable workshop. We all worked hard and learnt a lot from a generous, talented tutor.
- Very enjoyable, great and very patient tutor. Had a brill day! **Terry B**
- Enjoyed the day - great teaching, and good company. **Monique**
